\* My objective is to obtain a position in a professional office environment where my skills are valued and I can benefit the organization. I want to contribute as a team member in a lively work environment focused on promoting growth, get hold of a position that will give me the ability to relate my education to my work.

## **ABOUT ME**

I hold a “**Bachelor of Commerce (H)**” degree from “**Sri Ram College Of Commerce**” and currently working as a “**Business Analyst**” at “**Evalueserve**”; where I am required to collect financial data through secondary research and financial databases like Factiva, Factset, Thomson Research, Capital IQ, Mergermarket, Orbis, ISI Emerging Markets, Gartner, IDC, Technavio, HIS Market (Automobile Section), BMI (Auto report) etc. and engage with Investment Bankers to understand their requirements and provide them with appropriate information.

Previously, I worked as a “Associate-Trainee” (**Risk Consulting**) at “**KPMG Global Services Private Limited**” for 5 months; where I

- Involved in creation of private and public company profiles utilizing internal and external public research sources, credit reports and information databases to collect, summarize, and synthesize relevant financial, market, and business information
- Preparation of enhanced due diligence reports, which involves assessment of reputational, regulatory and jurisdictional risk. Covered multiple geographies involving various jurisdictions

with varied language capabilities including Spanish, Korean and English. Acquired specialized knowledge of various jurisdiction specific research databases and online sources.

- Financial Disclosure Process: Deliveries lead of a Conflict of Interest Due Diligence project for a US based International Organization. Reviewed filings to determine potential conflict of interest between client's employees and their roles within the organization.

I am now looking to work as a business/financial analyst or data science professional in a growth-oriented organization to apply my knowledge of finance, economics and operating statistical tools.

➤ AIM: My main aim and purpose to join an organization is to grow as an

Individual, sharpen and broaden my capabilities and simultaneously I strive to achieve the key organizational goals. I maintain a high sense of service orientation, ethical standards, professional integrity, corporate governance and regulatory compliance at all times.

➤ OBJECTIVE: To use my inter-personal skills to the fullest and achieve a position of importance in a professionally run organization through hard work and dedication. I will do my best to exceed your highest expectations and provide a top-notch service.

➤ LIFE PHILOSOPHY: *"Difficulties vanish when faced boldly"*.

## **EDUCATION:**

**Matriculation (2009)** - R.B Ram Roop Vidya Mandir - CBSE BOARD

**Higher Secondary (2011)** - R.B Ram Roop Vidya Mandir - CBSE BOARD

**Graduation (2014)** - Sri Ram College of Commerce, Delhi University

## **Experience:**

Business Analyst, BRC Team (Full-Time)

## **Evalueserve**

July 2016 – Present

As an Analyst my job is to collect data through secondary and selective primary research from both free and paid sources (databases); and perform analysis on collected data for both short term projects and larger assignments. Projects that I handle involve research on macroeconomic parameters, competitor's information or industry analysis, financial figures, qualitative or quantitative input across various sectors like pharmaceuticals, automotive, media, food and beverage, energy, banking, etc. I also Analyze and prepare reports and presentations from research data & create dashboards. I participate actively and contribute to team discussions on project specific areas and management of the project. The job also involves direct interaction with internal and external clients.
